

# COURSE MODULES OFFERED BY DEPARTMENTS OF STUDY FOR THE ACADEMIC YEAR 2020/2021

The following convention has been used throughout to describe the significance attached to the modules offered by the Departments:

- x - Compulsory modules, i.e. the students must offer the module if this symbol appears against it for a particular degree programme and take all examination components of the module. These modules cover the essential subject material for that subject area to be considered as a major subject.
- † - If this symbol appears with the code or against a particular module, it will be conducted throughout the academic year.
- ▼ - Optional modules, i.e. the students can choose such modules at will to fulfil the annual/overall credit requirements.

## 5.5 ENGLISH

The Department of English Language Teaching (DELT) is committed to improve the English language competency of the undergraduates from the very inception as they pursue the degree programme in English medium. The DELT offers the following courses to achieve the above objective as the successful performance of the students depends on the high standard of literacy in English Language.

### Compulsory Courses:

#### ➤ Intensive English Course:

- A short Intensive English Course would be conducted for the new entrants before the commencement of the academic programme depending on the availability of time after the students are admitted to the Faculty.

#### ➤ ELPC 1+10 - English Language Proficiency Course I:

- conducted throughout the academic year at Level 1.
- in addition to the continuous assessments during the course, the English Language Proficiency Test I (ELPT I) will be held at the end of Semester II at Level 1.
- a partial requirement for all degree programmes, i.e. the degree will not be awarded until the student obtains a minimum of an ordinary pass at ELPT I.

#### ➤ ELPC 2+20 - English Language Proficiency Course II:

- conducted throughout the academic year at Level 2.
- in addition to the continuous assessments during the course, the English Language Proficiency Test II (ELPT II) will be held at the end of Semester II at Level 2.
- a partial requirement for all degree programmes, i.e. the degree will not be awarded until the student obtains a minimum of an ordinary pass at ELPT II.

### Optional Courses:

#### ➤ Certificate Course in Business English:

- a professional course conducted during Semester II of the academic year at Level 3.
- a separate certificate will be issued by the Examination Branch to the students who complete the course successfully.

#### ➤ Advanced English Proficiency Course:

- enrollment is limited for only the best performers at ELPT I and ELPT II.
- an optional course conducted during semester I at Level 3.
- the aim is to prepare students to be confident enough in all four major skills of English Language and to perform well at any standard examination both at local and international level such as TOFEL and IELTS.
- a separate certificate will be issued by the Examination Branch to the students who complete the course successfully.

## 5.6 DIPLOMA/ADVANCED CERTIFICATE IN INFORMATION TECHNOLOGY

The ICT Center-Kuliyapitiya has introduced a Diploma in Information Technology for undergraduates of the Faculty of Applied Sciences. It is a two-year program, which is conducted in parallel to the academic program of the Faculty. The programme is targeted for undergraduates of combination 2 (who do not follow the subject streams offered by the Department of Computing & Information Systems (CMIS)), and it enhances students' basic IT skills that are required to perform academic program of the Faculty. Furthermore, valuable Certificates are offered for those who successfully complete the programme and it would provide students with added qualifications for highly competitive job market.

### 5.6.1 Details of the Programme

The duration of the Diploma programme is four-semester (2 academic years). During the first two semesters students will learn basic and essential IT skills. These skills are necessary for successfully complete the undergraduate degree programme of the Faculty where students have to write reports, make interactive presentations using PowerPoint, and analyze data using different software in their projects.

During the third and fourth semesters, students those who wish to learn more than just essential IT skills, can explore a wide range of subjects related to the computer science. With the knowledge gained through these modules, student will become more competent among other graduates who have followed IT related subject streams, when they are competing in the job market.

Students have the option to quit the program after successfully completing the first two semesters with the Advanced Certificate in Information Technology. However, students are strongly advised to obtain the Diploma Certificate completing the entire programme successfully.

Details of the four modules offered under the programme are given bellow:

Semester I:

#### 1. ICT 111 IT Fundamentals

**Main Topics:** Fundamentals of Computer Technology, Operating Systems: Windows & Linus, MS Office Application Packages (MS Word, MS Excel), Web Applications, Computer Peripheral Devices.

Evaluation:

- Continuous assessment 40%
- End-semester examination 60%

Semester II:

2. ICT 122 IT Essentials

**Main Topics:** Introduction to Computer Programming using C, Web Designing Basics, Creation of Interactive presentation slides using MS Powerpoint, Information Management using MS Access, and Introduction to PC Hardware.

Evaluation:

- Continuous assessment 40%
- End-semester examination 60%

Semester III:

3. ICT 211 IT for Advanced Users

**Main Topics:** Computer Networks, Computer Security, Web Application Development, E-commerce, and Introduction to DBMS.

Evaluation:

- Continuous assessment 40%
- End-semester examination 60%

Semester IV:

4. ICT 222 IT for Designer & Developers

**Main Topics:** Object Oriented Programming using Java, Graphics Design, Projects

Evaluation:

- Continuous assessment 20%
- Project 40%
- End-semester examination 40%

**Please refer HANDBOOK available on the Faculty Website for more details on**

**ACADEMIC PROGRAM:**
