Dear Sir,

### Request to Display Recruitment Flyer for Graduate Opportunities

The Arthur C. Clarke Institute for Modern Technologies (ACCIMT), functioning under purview of the Ministry of Science and Technology, is currently offering a unique opportunity for fresh graduates and those awaiting results to engage in high-technology projects at the Institute.

We kindly request your support in displaying the attached recruitment flyer on your university notice boards and relevant communication platforms to reach potential candidates. The program is structured as an assignment-based engagement of three months, extendable up to four cycles (12 months), and covers a wide range of disciplines including; Remote Sensing and GIS, Astronomy, Information Technology, Communication and Electronics. Specialized specific subject areas include Embedded Systems, IoT, Robotics, AI/IT/MIS, Space Technologies (Nano Satellites and Subsystems), Reverse Engineering, Astronomy Research, Remote Sensing & GIS, and High Voltage/Lightning Protection Systems.

Selected candidates will benefit from; Hands-on experience in advanced laboratory environments, Exposure to multi-domain technical projects, Access to industry-standard tools, Professional mentoring and career development opportunities, Monthly allowance of Rs. 60,000 (upon successful completion of the assignment period) and Valuable certificate upon successful completion.

The application deadline is April 10, 2026, and further details can be accessed via: <https://www.accimt.ac.lk>

We would greatly appreciate your assistance in disseminating this opportunity among your students to attract talented young graduates into national-level high-tech research and development initiatives.

Thank you for your continued support in fostering academic-industry collaboration and empowering the next generation of innovators.

Yours faithfully,

Mrs. M.M.G.K. Meegahakotuwa  
Director General and CEO

All Deans & D/PTC  
for wide publicity  
pls.

விஞ்ஞான மற்றும் தொழில்நுட்ப அமைச்சு  
Ministry of Science & Technology

Join ACCIMT's high-tech projects for a unique opportunity for  
fresh graduates / pending results

Assignment based, 3-months work assignment up to 4 cycles (12-months).

RS/GIS

Astronomy

Information  
Technology

Communication

Electronics

Specialization: Embedded Systems, IoT, Robotics, AI / IT / MIS,  
Space Technologies (Nano Satellites, Sub Systems),  
Reverse Engineering, Astronomy Research / Science Popularization,  
Remote Sensing Global Information Systems.  
Lighting Protection / Earthing / High Voltage

## ✓ What You'll Gain

- Hands-On Experience
  - Advanced Laboratory Facility
  - Multi-Domain Experience (3x4 Months)
  - Industry-Standard Tools
  - Professional Mentoring Support
  - Professional Growth Prospects
  - Valuable Certificate
  - Monthly Allowance Rs: 60,000/=
- (On successful assignment completion)
